

U.S. Black Projects, the CIA Torture Paradigm and ongoing illegal Cointelpro operations.

By Bob Levin © 2011, Investigative Journalist, Validated FBI Whistleblower and U.S. Torture Victim

"The individual is handicapped by coming face-to-face with a conspiracy so monstrous they cannot believe it exists"
- J. Edgar Hoover, Director of the FBI

The Jewish Holocaust never ended. It was imported back to its eugenic origins in America where it became U.S. black projects used in the testing and development of the four principle components comprising the CIA Torture Paradigm. This shift away from acts of physical torture leaving marks, recognizes a transition towards psychological warfare methods leaving no marks that are also coined "no touch" invisible physical torture. The primary earmark of CIA torture programs is the causing of self-inflicted harm in the various forms of that meaning, which does not necessarily denote suicide, but will inevitably cause thoughts of achieving peace through oblivion. Since the second leg of CIA MK-ULTRA, Project Artichoke, specific and randomly targeted individuals have been sanctioned as involuntary human test animals. Initially U.S. and Canadian citizens were the first targeted individuals sanctioned with the micro concentrations of "slow kill" and "silent kill" applications employing the tactics, techniques and technologies to affect systematic systemic genocide and negative eugenics. Since the CIA MK-ULTRA Program, KUBARK, Cointelpro, WITSEC, 9-11, Abu Ghraib prison, and the surrounding events of Hurricane Katrina that used a natural disaster to simulate the detonation of a low yield nuclear device on U.S. soil, these methods of individual and mass extermination have been globalized in the macro. When a human being's hopes are eroded along with their individual sense of self-identity, a once meaningful life is converted into an existence of adjunct human slavery within an emerging virtual death camp environment. Beneath the clandestine mud of evolutionary change, these unseen black projects have migrated like Chesapeake Bay bluecrabs while routinely shedding their outer shells to later emerge as newer versions of the same godless atrocities while they leave behind the empty places of their past existences like riddles trapped in mysteries wrapped with enigmas.

This includes the horror of having her children kidnapped by a corrupt state government. About: Bob Levin, www.BobLevin.org

Bob Levin is a validated FBI whistleblower twice wounded in the clandestine service of the United States. As a blacklisted investigative journalist and U.S. torture victim of something cousin to the modern day evolution of rabid McCarthyism and ongoing illegal Cointelpro operations, the writer, artist and academic is seeking a restorative life outside the U.S. where he was born in 1956. Asylum is being sought from any sovereign foreign nation willing to discuss terms with the inclusion of a pathway to citizenship, reasonable employment and living accommodations, affordable medical healthcare, and the business platform from which to reclaim the academic prospectus of publishing books, producing film documentaries and lecturing with special knowledge. Currently an ESOL certificate to teach English is being sought. As a U.S. torture victim, Bob Levin continues to witness the systematic systemic genocide for negative eugenics of the American people by its false leaders affecting the four principle components of the CIA Torture Paradigm. The U.S. government is a mask for a terrorist entity and global continuing criminal enterprise headed by a craven corporatist and executive facilitator. The primary export of the United States remains military weapons and prostituted American democracy that is the transvestite concealing the phalanx of Pentagon Colonization with a known 730 U.S. military bases standing on the soil of over 130 sovereign foreign nations. This psychopathic and genocidal groupthink comprising this cabal is intent on processing the total aggregate of the world into a commodity through the perpetuation of endless wars for profit that exclusively benefit the syndicated consortiums of the military industrial complex. Meanwhile America has been generationally overthrown by corporatist Congressional Capos and converted into a virtual death camp environment by those espousing the rights of a blastocyst while they murder millions of living men, women, children, and infants en masse.
